SOURCE & USE

This standalone reference compiles the official Cleric class pages from DC20 Beta 0.10.5 and adds a compact Level 1 quick-reference page. Rules text on the class pages is reproduced from the user-provided rulebook; the quick reference is a concise restatement for play at the table.

Created for personal table use.

CLERIC

Clerics can reach out and call upon the power of a deity to aid them in battle and to support them and their allies. Clerics can range from a knowledgeable priest, to a knight in holy armor. They reach out to their deity to empower their magic in ways mortals normally cannot.

Source of Power: Clerics have a relationship with a powerful deity, or deities, that they are in service to. Through their faith, they're granted magical power by their deity. They could serve a good god of life that grants them healing magic, or an evil god of death that grants them abilities to end life.

CLERIC CLASS

FEATURES

LEVEL 1 CLASS FEATURES

CLERIC ORDER

Your connection to your deity grants you the following benefits:

- **Divine Damage:** Choose an Elemental or Mystical damage type. The chosen damage type becomes your Divine Damage which is used for some Cleric Features.
- **Divine Domain:** You gain the benefits of 2 Divine Domains of your choice.

DC Tip: Divine Domains are a great way to pick the kind of deity you want to serve. If you pick Life and Fire, perhaps you serve a phoenix themed god of flames and rebirth.

KNOWLEDGE

Your Mastery Limit increases by 1 for all Knowledge Trades. A Trade can only benefit from 1 Feature that increases its Mastery Limit at a time. Additionally, you gain 2 Skill Points.

MAGIC

You gain the benefits listed below. You can choose this Divine Domain multiple times.

- Your maximum MP increases by 1.
- Choose a Spell Tag (such as Fire, Healing, or Spirit). You learn 1 Spell with the chosen Spell Tag, and when you learn a new Spell you can choose any Spell that also has the chosen Spell Tag.

DIVINE DAMAGE EXPANSION

When you deal damage with a Spell you can convert the damage to your Divine Damage type. Additionally, you gain Resistance (1) to your Divine Damage type.

LIFE

When you produce an MP Effect that restores HP to at least 1 creature, you can restore **1 HP** to 1 creature of your choice within 1 Space of you (including yourself).

DC Tip: When a feature triggers on an MP effect, it only does so on the turn its used. A feature like the Druid Domain that heals over multiple rounds doesn't benefit from this effect again on subsequent turns.

DEATH

Enemy creatures within 10 Spaces of you take an additional 1 damage from Attacks while they're **Well-Bloodied**.

GRAVE

Allied creatures within 10 Spaces of you take 1 less damage from Attacks while they're **Well-Bloodied**.

LIGHT

When you produce an MP Effect that targets at least 1 creature, you can force 1 target of your choice to make a Might or Charisma Save (their choice). **Failure:** Until the end of their next turn, they shed a 1 Space Aura of Bright Light and are **Hindered** on their next Attack.

DARK

Your mastery over shadows grants you supernatural sight and the ability to hide yourself from other creatures. You gain the following benefits:

- You gain 10 Space Darkvision. If you already have Darkvision it increases by 5 Spaces.
- While in an area of Dim Light, you can take the Hide Action to Hide from creatures that can see you. On a Success, you remain Hidden until you move or the area you're in becomes Bright Light.

WAR

You gain Combat Training with Weapons and learn 1 Attack Maneuver of your choice.

PEACE

You gain Combat Training with Heavy Armor and Heavy Shields and learn 1 Defense Maneuver of your choice.

ORDER

Once per turn, when a creature you can see within 10 Spaces of you makes a Check, you can spend **1 AP** as a Reaction to remove all instances of ADV and DisADV from that Check.

CHAOS

When you make a Spell Attack or a Spell Check you can choose to give yourself ADV, but you must also roll on the Wild Magic Table. You can use this Feature once per Long Rest, and regain the ability to use it again when you roll for Initiative.

DIVINATION

You gain the following benefits:

- You can't be Flanked.
- When you spend MP, you gain the ability to see **Invisible** creatures and objects until the start of your next turn.

TRICKERY

When you produce an MP Effect that targets at least 1 creature, you can choose 1 of the targets and create an illusory duplicate of it that lasts until the start of your next turn. The next Attack made against the target has DisADV, and causes the illusory duplicate to disappear.

ANCESTRAL

You get 2 Ancestry Points that you can spend on Traits from any Ancestry.

DIVINE BLESSING

You can spend **1 AP** to say a prayer and petition your deity for their divine blessing. Choose 1 of the blessings listed below. Each blessing has a listed MP cost that you must spend to gain the blessing. Once during the next minute, you can apply the blessing to a Spell you cast. If your Spell targets more than 1 creature, the blessing only applies to 1 target of your choice.

- **Destruction:** (1 MP) The target takes **3 Divine** damage, provided that the result of the Check used to cast the Spell is equal to or higher than the target's AD. If the Spell doesn't normally require a Check, then you must make a Spell Attack Check when you apply this blessing.
- **Guidance:** (1 MP) The target gains a **d8 Help Die** that they can add to 1 Check of their choice they make within the next minute. When they use this Help Die, the Check gains **ADV**.
- **Restoration:** (1 MP) The target regains **3 HP**.

Unused Blessing: You can only have 1 blessing at a time. If you petition your deity for a blessing while you already have a blessing, the first blessing immediately ends without granting any benefit. If the blessing ends without granting any benefit, you regain the MP spent to gain the blessing.

DIVINE OMEN (FLAVOR FEATURE)

Once per Long Rest, you can spend 10 minutes to commune with your Deity.

QUESTION

You can ask them 1 question, which must be posed in a way that could be answered with a yes or no.

RESPONSE

The deity responds to the best of their knowledge and intentions in one of the following responses: Yes, No, or Unclear.

A response of Unclear could come from the deity not knowing the answer, wanting to purposefully keep it a secret, the question being phrased in a confusing or complicated way, or there not being a simple answer to the question.

Example: The response could be audible (a formless voice), visual (words that appear in the sky or on a book), symbolic (images and shapes telling a story). The answer could be delivered by a creature (random animal or human becomes possessed and starts talking), in your surroundings (talking flames, whispering wind, moving objects), within your own mind (a dream or vision), or by any other means they want.

DC Tip: Regardless of how the answer is given, it should be clear to the PLAYER what the answer was.

Communing Again: If you commune with your deity more than once per Long Rest, you must make a **DC 15 Spell Check**. **Failure:** You receive no answer. Each time you commune again before you complete a Long Rest, the DC increases by 5.
