SOURCE & USE

This standalone reference compiles the official Spellblade class pages from DC2o Beta 0.10.5 and adds a compact Level 1 quick-reference page. Rules text on the class pages is reproduced from the user-provided rulebook; the quick reference is a concise restatement for play at the table.

Created for personal table use.

SPELLBLADE

Spellblades combine their combat prowess with their ability to harness and channel magic into weapons. They can form a bond with a weapon to imbue it with damage, call it back to them, and more. Spellblades can learn a wide range of disciplines depending on their unique combination of martial and spellcasting prowess. They even gain the ability to cast spells through their weapons.

Source of Power: Spellblades are unique in that there are a variety of ways and sources for them to harness their power. They could draw this magic from a wide variety of sources. Here are just a few examples:

- Power bestowed by a patron, deity, or some powerful entity that takes an interest in them.
- An external or supernatural force that even they don't fully understand.
- Their own bloodline or connections to the past.
- Their careful study and practice of both swords and spells.
- They take up their blade in honor of a deity, cause, or goal.
- They make an oath or vow to someone (or themselves) to stand for or against something.
- An expression of emotion through artistic flourishes with their weapon.
- A strange weapon they pulled from a stone granted them the powers of a Spellblade.

SPELLBLADE CLASS FEATURES

LEVEL 1 CLASS FEATURES

BOUND WEAPON

During a Quick Rest, you can magically bond with 1 Weapon and choose an Elemental or Mystical damage type to become your Bound Damage type. This bond lasts until you end it for free or use this feature again.

Your Bound Weapon gains the following properties:

- **Smite:** When you make a Martial Attack with the Weapon, you can spend 1 or more SP to deal +1 Bound Damage per SP spent. When you do, you also gain the benefits of 1 Martial Enhancement of your choice for free.
- **Somatic Weapon:** You can use your Bound Weapon to perform the Somatic Components of a Spell.
- **Illuminate:** You can cause the Weapon to emit a 5 Spaces of Dim or Bright Light (you choose the light's appearance). You can extinguish, produce, or adjust the level of this illumination at any time for free.
- **Recall:** While the Weapon is within 20 Spaces and isn't being held or secured, you can call your Weapon back to you for free, causing it to fly to you. If you don't have a free hand when you call it, or you choose not to grab it, it falls in your Space at your feet.

Ending Early: Your bond with the Weapon ends early if you use this Feature again, or you choose to end it for free.

SPELLBLADE DISCIPLINES

You learn 2 Spellblade Disciplines from the list below.

MAGUS

You gain the following benefits:

- Your Maximum MP increases by 1.
- You learn 1 additional Spell.

WARRIOR

You gain the following benefits:

- You gain Heavy Armor and Heavy Shield Training.
- You learn 1 Maneuver.

ACOLYTE

You can spend 1 AP and 1 MP to produce 1 of the following effects:

- **Heal:** You gain a pool of HP which you can distribute to creatures of your choice within 5 Spaces to restore their HP (in increments of 1 HP). Make a **DC 10** Spell Check. **Failure:** You gain a pool of 2 HP. **Success:** You gain a pool of 3 HP. **Success (each 5):** The pool increases by 1 HP.

Example: If a Spellblade chooses **Heal** when using their **Acolyte Discipline** and gets a result of 20 on their Spell Check, they would gain a pool of 5 HP.

- **Cure:** You can attempt to remove 1 Basic Poison or Basic Disease from a creature of your choice within 1 Space of you. Make a Spell Check against the DC of the Poison or Disease. **Success:** The chosen Poison or Disease ends on the target.

HEX WARRIOR

You can spend 1 AP and 1 MP to Curse a creature within 10 Spaces for 1 minute. You make a Spell Check against the target's Repeated Physical Save. **Save Failure:** The target is Cursed for the duration. While Cursed in this way, the target can't regain HP, becomes **Dazed** or **Impaired** (your choice), and takes 1 Umbral damage at the start of each of their turns.

SPELL BREAKER

You can initiate a Spell Duel as the Challenger without spending MP using a Weapon you're wielding, provided the Caster or a target is within your Weapon's range or you're in a Space between them. When you do, you make a Martial Check instead of a Spell Check. You can also spend 1 or more SP to gain a +1 bonus on your Check per SP spent (you can still spend MP as normal to gain +2 on your Check per MP spent). You have ADV on your Check if you are within 1 Space of the Caster.

SPELL WARDER

When you deal Elemental or Mystical damage with an Attack, you gain Resistance (1) to that damage for 1 Round. If you deal Elemental or Mystical damage again while this is already active, you can choose to keep the current Resistance or switch it out for the new one instead.

BLINK BLADE

Once per turn when you make an Attack, you can choose to teleport to a Space you can see within 1 Space immediately before or after making the Attack (your choice).

SENSE MAGIC (FLAVOR FEATURE)

You can spend 1 minute focusing your mind to detect the following creature types within 20 Spaces: Aberration, Celestial, Elemental, Fey, Fiend, or Undead. Make a Spell Check against each creature's Mental Save. **Check Success:** You learn the target's creature type and know its location until the end of your next turn. **Check Failure:** You learn nothing and can't use this Feature against the target again until you complete a Long Rest.

LEVEL 2 CLASS FEATURES

SPELLSTRIKE

Once on each of your turns when you make a Martial Attack, you can also cast a Spell as part of the same Action, spending 1 AP less than normal.

Converged Action: When you do, the Spell can only target 1 creature who must be a target of the Attack, and the range of the Attack can't exceed the range of the Spell. If the Spell requires a Check, it uses your Attack Check instead. Any Saves the Spell forces the target to make are made against your Save DC.

Harmonic Strike: The Martial Attack and Spell from a Spellstrike are treated as 1 Attack, and can benefit from Martial Enhancements and Spell Enhancements. The Spell doesn't require Somatic Components.

DC Tip: Because it's treated as 1 Attack, the damage from the Martial Attack and Spell benefit from Critical Hits, Heavy Hits, and beyond only once.

Example 1: A Spellblade makes a Weapon Attack using a Shortsword (1 Slashing damage) as part of the Attack Action. They choose to use Spellstrike, which lets them also cast a Spell as part of the same Action. They choose the **Fire Bolt** Spell (1 Fire damage). Normally the Spell costs 1 AP to cast, but now costs 0 AP (since Spellstrike reduces its cost by 1). On a Hit, the Spellstrike deals 2 total damage (1 Slashing and 1 Fire).

Extended Example 1: The same Spellblade from Example 1 can add even more to their Spellstrike, by spending AP to add Martial Enhancements or to add the **Fire Bolt** Spell's Spell Enhancement options that cost AP. You can also spend SP to use **Smite**.
