SUMMONER CLASS REFERENCE

Summoner - Class Overview & Spellcasting Path	3
Class Features / Level 1-5 / Paragon Talents	4
Subclasses - Chimera & Dread Lord	5
Level 1 Quick Reference	6

SOURCE & USE

This standalone reference compiles the official Summoner class pages from DC20 Magazine Volume 23 and adds a compact Level 1 quick-reference page. The provided Summoner source presents the Class through Level 5, with Paragon Talents and the Chimera and Dread Lord Subclasses. Rules pages are reproduced directly from the user-provided PDF.

Created for personal table use.

SUMMONER CLASS

STARTING EQUIPMENT

Arsenal: 2 Spell Focuses.

Armor: 1 set of Light Armor.

Trade Tools: Choose 2 of any of the following items: Alchemist's Supplies, Calligrapher's Supplies, Glassblower's Tools, or Herbalist's Supplies.

Adventuring Pack: Choose 1 of the following packs: (Adventuring Packs Coming Soon).

SUMMONER SPELLCASTING PATH

Combat Training: Spell Focuses, Light Armor

Spell List: When you learn a new Spell, you can choose any Spell from Astromancy, Conjunction, and Transmutation Spell Schools or that have the Summoning Spell Tag.

Spells Known: The number of Spells you know increases as shown in the Spells Known column of the Summoner Class Table.

Mana Points: Your maximum number of Mana Points increases as shown in the Mana Points column of the Summoner Class Table.

10	+1	+1	+2	+1	+3	+1	Subclass Capstone Feature

SUMMONER CLASS FEATURES

LEVEL 1 CLASS FEATURES

BONDED SUMMONS

You learn 1 of the following Spells of your choice:

Summon Aberration, Summon Beast, Summon Celestial, Summon Construct, Summon Dragon, Summon Elemental, Summon Fey, Summon Fiend, Summon Ooze, Summon Plant, or Summon Undead.

When you cast one of the listed Spells, it gains the following benefits:

- Creatures summoned by the Spell can use your **AP** when taking Actions.
- While Sustaining 1 or more of these Spells, you can Sustain 1 of them for free.

PERSONAL DEMIPLANE

You can spend 1 **AP** to open a portal in an unoccupied Space of your choice within 2 Spaces. The portal lasts until the start of your next turn and leads to a demiplane of your creation.

Demiplane: The demiplane is a 3 Space diameter Sphere that contains indefinite breathable air, is room temperature, and contains gravity identical to the material plane with the floor as its plane of gravity. A creature that enters the portal's Space instead enters the demiplane in an unoccupied Space of its choice.

Exiting the Demiplane: A creature can spend 1 **Space** of movement to exit the demiplane, emerging into the nearest unoccupied Space of their choice near the portal's entrance. If the portal is closed, a creature can spend 1 **AP** to emerge in the nearest unoccupied Space of their choice near the portal's last location. A creature can exit the demiplane for free when you open a new portal.

Persistent Plane: Each time you use this Feature the portal opens to the same demiplane. If you are inside the demiplane when you open the portal, it opens at the last location. If you die, everything immediately exits the demiplane in your Space (or the portals last open location if you're inside) for free and the demiplane ceases to exist.

POCKET DIMENSION (FLAVOR FEATURE)

You have a small pocket dimension that can hold 1 Tiny item at a time. You can teleport an item to your pocket dimension from your hand, and vice versa, using a Minor Action. If you die, the item immediately appears in your Space.

LEVEL 2 CLASS FEATURES

SUMMON EXCHANGE

You can spend 1 **AP** to switch places with a creature within 10 Spaces that you've summoned (such as with the *Call Familiar*, *Summon Celestial*, or *Summon Undead* Spells).

TALENT

You gain 1 Talent of your choice. If the Talent has any prerequisites, you must meet those prerequisites to choose that Talent.

LEVEL 5 CLASS FEATURE

EXPERT SUMMONER

You gain the following benefits:

- **Summon Conduit:** You can cast Spells as if you were standing in the Space of a creature you've summoned, provided it's within 10 Spaces.
- **Summon Translocation:** When you use **Summon Exchange**, you can instead switch the places of two creatures you have summoned provided they are both within range.
- **Extended Summoning:** The duration of Spells listed in **Bonded Summons** now last until you complete a Long Rest.

DC Tip: You can only Sustain 1 Spell at a time out of Combat, so if you have multiple Summon Spells active when Combat ends, all but one of them ends (you choose).

PARAGON TALENTS

CREATURE SPECIALIST

Requires: Bonded Summons

Choose 1 of the Spells in **Bonded Summons** that you know. When you cast the chosen Spell, you can grant 3 points worth of Summon Traits as if you used the **Additional Traits** Enhancement. You can cast the Spell in this way once per Long Rest, but you regain the ability to do so again when you roll for Initiative.

HORDE SUMMONER

Requires: Bonded Summons

You gain the following benefits:

Versatile Summoner: You learn 2 of the Spells of your choice listed in **Bonded Summons**.

Split Summon: When you cast a Spell listed in **Bonded Summons**, you can use the **Additional Creatures** Enhancement once for free (doesn't count against your Mana Spend Limit). When you do, the additional creature summoned shares the HP of the first creature summoned by the Spell. If both creatures take damage from the same source, they only take 1 instance of that damage.

You can use this ability once per Long Rest, but you regain the ability to use it when you roll for Initiative.

Combo Summon: When you cast a Spell listed in **Bonded Summons** and use the **Additional Creature** Enhancement, you can summon a creature from a different Summon Spell you know.

Example: A Summoner knows the *Summon Fiend* and *Summon Fey* Spells. When they cast either of those Spells, they can use the **Additional Creature** Enhancement to summon 1 more creature. That creature can be either a Fiend or Fey, regardless of which of those two Spells they cast.

GRAND ENTRANCE

Requires: Personal Demiplane

Once per Combat when you use **Personal Demiplane**, each creature you've summoned that exits the demiplane, appears in an unoccupied Space within 5 Spaces of the portal and can immediately make an Unarmed Strike for free against a target of your choice within its range.

REVERSE SUMMONING

Requires: Personal Demiplane

Once per Combat, when you use your **Personal Demiplane**, each creature of your choice within 1 Space of the portal must make a Might Save against your Save DC. **Save Failure:** The creature enters your demiplane and is unable to leave for 1 Round.

SUMMONER SUBCLASSES

CHIMERA SUBCLASS

SUMMON CHIMERA

You gain the following benefits:

- You learn 2 Spells of your choice from those listed in **Bonded Summons**.
- When you summon a creature with one of the listed Spells, the first creature summoned also gains the **Base Summon Traits** from another listed Spell that you know.

- When you use the **Additional Traits** Enhancement, you can also choose from your **Expanded Summon Traits** of another listed Spell you know.

When you grant a summoned creature the Traits from a different listed Spell, it gains the Creature Type of the chosen Spell in addition to its own.

Example: A Chimera Summoner casts the *Summon Beast* Spell and grants the summoned creature the **Base Summon Traits** from the *Summon Celestial* Spell. They also use the **Additional Traits** Enhancement and grant the creature a Trait from the *Summon Ooze* Spell. The summoned creature has the following Creature Types: Beast, Celestial, and Ooze.

CHIMERIC APPEARANCE (FLAVOR FEATURE)

You can use a Minor Action to manifest minor characteristics of any Creature Type that matches a Spell you know listed in **Bonded Summons** (such as the skin of an Ooze). The change in your appearance is purely cosmetic.

DREAD LORD SUBCLASS

UNENDING MARCH

You learn the *Summon Undead* Spell or another Spell listed in **Bonded Summons** if you already know it. Creatures you summon with a Spell listed in **Bonded Summons** gain the following benefits:

- **Life Steal:** When the creature hits another creature with its Unarmed Strike, it regains 1 HP.
- **Undying:** When the creature dies, you can spend 1 AP and 1 or more MP as a Reaction to bring it back to life with an amount of HP equal to 2 per MP spent.

ANGUISHED DEAD (FLAVOR FEATURE)

You can hear the cries of the anguished dead. While within 5 Spaces of a creature's corpse, its grave, or its contained ashes, you can hear the lamentations of the creature's spirit if it still remains on the plane. When you do, you can discern the general reason it remains on the plane (such as unfinished business, a curse, or other happenstance) but no additional details. This Feature doesn't grant you any special means of communicating with the dead.

DC Tip: If you visit the grave of a creature and don't hear their cries, you can assume their spirit has left the plane of existence.

CM / MSL

1 / 1 **MP**

SPELLCASTING

- Spell List: Astromancy, Conjunction, and Transmutation Schools, plus any Spell with the Summoning Tag.
- Combat Training: Spell Focuses and Light Armor.
- Mana Spend Limit at Level 1 is 1 MP per MP Effect. AP costs are separate.

STARTING EQUIPMENT

- Arsenal: 2 Spell Focuses.
- Armor: 1 set of Light Armor.
- Choose 2 Trade Tools from Alchemist's Supplies, Calligrapher's Supplies, Glassblower's Tools, or Herbalist's Supplies.

BONDED SUMMONS

- Learn 1 of the listed Summon Spells: Aberration, Beast, Celestial, Construct, Dragon, Elemental, Fey, Fiend, Ooze, Plant, or Undead.
- Creatures summoned by those Spells can use your AP when taking Actions.
- While Sustaining one or more listed Summon Spells, Sustain 1 of them for free.

PERSONAL DEMIPLANE

- Spend 1 AP to open a portal in an unoccupied Space within 2 Spaces. It lasts until the start of your next turn.
- The persistent demiplane is a 3 Space diameter Sphere with breathable air, room temperature, and normal gravity.
- A creature can enter through the portal; leaving normally costs 1 Space of movement while the portal is open.

PORTAL / EXIT NOTES

- If the portal is closed, a creature can spend 1 AP to emerge near the portal's last location.
- A creature can exit the demiplane for free when you open a new portal.
- If you die, everything immediately exits the demiplane and the demiplane ceases to exist.

POCKET DIMENSION

You can hold 1 Tiny item in a small pocket dimension.
Teleport the item to or from your hand with a Minor Action.
