MINOR ACTIONS

Once per turn: perform up to 2 without AP - open/close a door; grab/release an item; retrieve/stow an item; draw/sheathe a weapon. You cannot take another Action between the two. Extra Minor Actions cost 1 AP.

TIMING REMINDERS

Held Action: pay the AP now, declare the Action and an observable Trigger. If it happens before your next turn, take that Action as a Reaction.

Reaction AP: AP spent before your turn means fewer AP available on that turn. Spent AP refreshes at the end of your turn.

SPELLCASTING

Spell Action: Spend the AP listed by the Spell and its required MP. At level 1, your Mana Spend Limit (MSL) is normally 1. Total MP spent on one MP Effect - including Spell Enhancements - cannot exceed your MSL.

Sustained Spell: Spend 1 AP at the start of each turn to Sustain it. Becoming Dazed ends Sustained effects.

DIVINE BLESSING - LEVEL 1

Spend 1 AP to petition your deity, then pay 1 MP for one Blessing. Once during the next minute, apply it to a Spell you cast. You can hold only 1 Blessing at a time.	
DESTRUCTION	1 MP
Target takes 3 Divine damage if the Spell casting Check equals or beats its AD. If the Spell has no Check, make a Spell Attack Check.	
GUIDANCE	1 MP
Target gains a d8 Help Die for one Check within 1 minute; using it also grants ADV.	
RESTORATION	1 MP
Target regains 3 HP.	

CHANNEL DIVINITY - LEVEL 2+

Choose one option. Available once per Long Rest; you regain its use when you roll Initiative.	
DIVINE REBUKE	2 AP
Targets of your choice within 5 Spaces that see or hear you: Spell Attack vs AD + Repeated Mental Save. Hit: 1 Divine damage. Save Failure: Intimidated.	
LESSER DIVINE INTERVENTION	2 AP
DC 15 Spell Check; distribute the healing pool within 5 Spaces. Failure: 3 HP. Success: 3 HP + regain 1 MP. Success (5): pool +2 HP.	

SPELLCASTER REACTION

Spell Duel: When you see an MP Effect being cast and its Caster or a target is within 5 Spaces, spend AP equal to its base AP cost plus 1+ MP (up to MSL) to contest it with a Spell Check.

Domain reminder: Your selected Divine Domains can add passive benefits, Maneuvers, or extra combat options. Your Spells, Subclass, and Talents can add more actions too.
