HYBRID RESOURCES

You use both SP and MP. Your SSL and MSL are separate and each normally equals Combat Mastery. At level 1 both limits are normally 1.

Stamina Regen: Once per Round, regain up to half your maximum SP when you Hit with a Spell Attack or succeed on a Spell Check.

MARTIAL + SPELL REACTIONS

Opportunity Attack: Martial Path reaction for 1 AP when a creature provokes within your Melee Range.

Spell Duel: Spellcasting Path reaction to contest an MP Effect you can see, provided the Caster or a target is within 5 Spaces. Pay matching base AP + 1 or more MP up to MSL.

Combo Maneuver / Combo Spellcasting: You qualify for both paths, so you can assist known SP Effects within 2 Spaces or known MP Effects within 5 Spaces when their triggers are met.

BOUND WEAPON - LEVEL 1

SMITE	SP
When you make a Martial Attack with the Bound Weapon, spend 1+ SP for +1 Bound Damage per SP. You also gain one Martial Enhancement for free.	
SOMATIC WEAPON	Free
Your Bound Weapon can perform a Spell's Somatic Components.	
ILLUMINATE	Free
Emit 5 Spaces of Dim or Bright Light; adjust or extinguish it at any time.	
RECALL	Free
If the Weapon is within 20 Spaces and not held or secured, call it back to you.	

SPELLBLADE DISCIPLINES - IF CHOSEN

ACOLYTE	1 AP + 1 MP
Heal: DC 10 Spell Check for a healing pool within 5 Spaces; or Cure a Basic Poison/Disease.	
HEX WARRIOR	1 AP + 1 MP
Curse a creature within 10 Spaces; failed Repeated Physical Save prevents healing, inflicts Dazed/Impaired, and deals Umbral damage each turn.	
SPELL BREAKER	Reaction
Initiate a Spell Duel with a Weapon without spending MP; use a Martial Check and optionally add SP/MP.	
SPELL WARDER	Passive
After dealing Elemental/Mystical damage, gain Resistance (1) to that type for 1 Round.	
BLINK BLADE	Once/turn
Teleport 1 Space immediately before or after making an Attack.	

SPELLSTRIKE - LEVEL 2+

Once on each of your turns when you make a Martial Attack, cast a Spell as part of the same Action for 1 AP less. The Spell must target a target of the Attack and stay within the Spell's range. If the Spell needs a Check, use your Attack Check. The Attack + Spell count as one Attack and can use both Martial and Spell Enhancements.
